

# Pure hygiene at your fingertips

**Ozone** water from contemporary kitchen tap combines style with naturally cleansing water.

The latest in tap technology this kitchen tap produces Ozone water which is a natural gas providing natural anti-bacterial properties - the ideal 'chemical free' sanitiser and oxidiser agent. O<sub>3</sub> is 3,000 times more powerful than traditional oxidants such as chlorine. It has no toxicity issues and produces no by products.

## Areas of Use

- Schools
- Commercial kitchens
- Marine/super yachts
- Restaurants
- Medical
- Commercial washrooms

Available now from our two e-commerce websites  
[www.notjusttaps.co.uk](http://www.notjusttaps.co.uk) and [www.limekitchenandbathroom.co.uk](http://www.limekitchenandbathroom.co.uk)
